

Name/Date: _____

SS10 • Timeline: Canada and WWII

Instructions: Construct a timeline of significant events of Canada's involvement in World War II. Place your events and descriptions along the "ribs" of the fishbone. Refer to Counterpoints Ch. 5 or any other course for ideas on what to include. You can use the extra space for other notes, diagrams, charts, or statistics related to Canada's role in the WWII and the impact of our involvement. This timeline chart can be used for test notes and is also an assignment to turn in after the test.
